SUMMARY

Full Stack Web Developer with a background in fast-paced work environments. I'm great at working in large diverse teams to speed past deadlines; effectively, and surpass employer goals without sacrificing customer experience or product quality. Furthermore, when working on applications I always have user-experience as the utmost important aspect of design. I'm known by peers as to help out where I can and work overtime to make sure the team is on track to achieve our goals.

TECHNICAL SKILLS

Languages: HTML5, CSS3, Javascript ES6+, MySQL, noSQL

Applications: Github, MongoDB, MySQL

Tools: Express.js, React.js, Node.js, Handlebars, Bootstrap

PROJECTS

Currency Exchange App | **Github:** <https://github.com/iatenine/currency-exchange-app> | **Live Deployment:** <https://iatenine.github.io/currency-exchange-app/>

- **Summary:** This interactive web application allows the user to view and compare currency exchange rates for the U.S. dollar and to view information for stocks and indices.
- **Role:** Simple Design
- **Tools:** HTML, CSS3, Javascript, jQuery, API, Bootstrap, Google Fonts

Currency Exchange App | **Github:** <https://github.com/iatenine/currency-exchange-app> | **Live Deployment:** <https://iatenine.github.io/currency-exchange-app/>

- **Summary:** This interactive web application allows the user to view and compare currency exchange rates for the U.S. dollar and to view information for stocks and indices.
- **Role:** Creating server routes/API, connecting said routes to handlebars, creating most handlebars pages, and adding functional front-end Javascript with API fetch request.
- **Tools:** HTML, CSS3, Javascript, RESTful API, Bootstrap, Express.js, Node.js, Handlebars, Font awesome, Sequelize ORM, Heroku, MySQL, Mockaroo, Cloudinary

EXPERIENCE

Employee

2020 – Present

Doordash

Colorado Springs, CO

Providing timely and customer-friendly delivery from a variety of independent restaurants.

Key Accomplishments:

- Independently achieving goals set that place me as a top dasher in my city
- Consistently providing high-quality delivery to customers to ensure positive feedback
- Properly managing opportunities and cost to have the best performance possible

Team Member

2017 – 2020

Taco Bell, Inc

Colorado Springs, CO

Worked as a Service member and later promoted to a line cook to provide quality and expedient service.

Key Accomplishments:

- After a year, I was quickly placed in charge of managing coworkers
- Placed on their safety team to ensure quality of production from product to workers.
- Training to become assistant store manager by 18, before unfortunately being unable to continue due to personal health problems.

EDUCATION

Bootcamp Certificate: University of Denver, Denver, CO

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
